IADB-CO-T1768

Support for the design of the Digital Transformation Program for effective access to health care in

Project Description

According to the IADB, this technical cooperation aims to support the Ministry of Health and Social Protection in the design and implementation of the Digital Transformation Program for Effective Access to Health in Colombia. Specifically, the cooperation will focus on supporting: (i) support the Ministry of Health and Social Protection (MSPS) for the design and implementation of the digital transformation program for the Health System and ii) provide technical assistance for the development and deployment of digital mechanism to optimize the workflow for medical-claims auditing processes carried out by the Administrator of the Resources of the Social Security Health System (ADRES).

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
