Voting Date	2024-11-18
Borrower	Government of Colombia
Sectors	Climate and Environment, Technical Cooperation
Investment Type(s)	Advisory Services
Investment Amount (USD)	\$ 0.15 million
Project Cost (USD)	\$ 0.15 million

Project Description

According to the IADB, the general objective of the Technical Cooperation (TC) is to support the country in strengthening institutional management of climate and disaster risk. The specific objectives are: (i) to strengthen the National System for Disaster Risk Management (SNGRD) and the institutional capacity of the National Unit for Disaster Risk Management (UNGRD) for the implementation of disaster risk management (DRM) in the country; and (ii) to enhance the institutional capacity of the Ministry of Finance and Public Credit (MHCP) to improve financial management of the country's contingent liabilities related to disasters and climate. Additionally, this TC will provide technical support for the implementation of the PGIRDN of the Contingent Loan CO-O0018.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
