## Project Description

According to the IADB, this Technical Cooperation (TC) aims to strengthen the institutional capacities of the Department of Social Prosperity (DPS) to formulate and implement its strategy for productive inclusion in Colombia. To achieve this, the TC will seek to: (i) provide technical support through economic, regulatory, and institutional capacity analyses to inform the design and implementation of the DPS's new tools for promoting productive inclusion, and to assess the technical, financial, and legal feasibility of these tools; (ii) produce a literature review and a comparative analysis of international best practices for productive inclusion; and (iii) create spaces for training, dialogue, and experience sharing on productive inclusion in Colombia.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
