### **Project Description**

According to the IADB, this TC will provide knowledge to address a strategic knowledge gap around the role of conditions in conditional cash transfers. While conditional cash transfers have been instrumental in alleviating poverty in the region, removing conditions that are no longer necessary could save the government monitoring costs. Further, the requirement to meet co-responsibilities may screen out some of the families most in need. Re-evaluating the impact of conditions will provide novel strategic knowledge to the Bank and its clients.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
