Project Description

According to the IADB, the objective is to support the implementation of Component 2 of the credit operation, which focuses on strengthening Findeter's institutional capacity as a territorial national development bank (BND) to address the specific needs of territorial entities with limited capacity, particularly those located in the Colombian Amazon, tools, guides, training processes, and technological solutions will be developed. These will integrate cross-cutting and differentiated approaches for municipalities with limited institutional capacity in the internal processes of project structuring, evaluation, and monitoring. Furthermore, innovative mechanisms will be promoted to improve the identification, grouping, and systematization of public investment projects in Amazonian territorial entities.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
