## Project Description

According to the IADB, the objective of this non-reimbursable technical cooperation is to support the Government of Colombia in the optimization of the Integrate Centers' attention schemes, the inter-institutional coordination mechanisms, and in a strategy to guarantee the sustainability of attention to the migrant population. It will also support the implementation of activities and schemes to contribute to the prevention of smuggling of migrants in Colombia through the Integrate Centers. These actions will contribute to the exercise of rights and protection of the migrant population, returnees and host communities, with special emphasis on migrants, as well as their socio-economic inclusion.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
