### **Project Description**

According to the IADB, the objective of this Technical Cooperation (TC) is to strengthen the institutional capacities of the Fund for the Financing of the Agricultural Sector (FINAGRO) to improve its efficiency in financing the Colombian agricultural sector. The specific objectives seek to strengthen FINAGRO's technical capabilities in the development of financial products, implementation of methodologies for impact measurement, and integration of sustainability criteria into its financing strategy, in order to promote sustainable and resilient agricultural development.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
