Project Description

According to the IADB, the overall objective of this Non-Reimbursable Technical Cooperation (TC) is to contribute to the effective implementation and expansion of the impact of the Water, Sanitation, and Drainage Program for Cartagena de Indias (CO-L1316). The first specific objective of this TC is (i) to strengthen the operational and institutional capacity of the Cartagena Tourist and Cultural District for the effective implementation of the Program by strengthening technical, financial, and operational capacities, and assisting in the preparation of complementary projects with climate finance potential. The second objective of this TC is (ii) to increase the impact of the Program through the design of complementary interventions in the areas of municipal solid waste (MSW) management and sustainable mobility.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
