Investment Amount (USD)	\$ 0.65 million
Project Cost (USD)	\$ 0.65 million

Project Description

According to the IADB, the general objective of this Technical Cooperation (TC) is to strengthen FINDETER's and Colombian subnational government's institutional capacity to design, finance, and prepare high-quality digital infrastructure projects that accelerate meaningful connectivity, digital transformation and improve public services delivery. The specific objectives are: (i) develop detailed diagnostics and project models enabling subnational entities to structure viable digital infrastructure investments; and (ii) build local capabilities to design and prepare sustainable pilot digital infrastructure initiatives.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
