## **Project Description**

According to the IADB, the overall objective of the TC is to strengthen Bogota's water security through the development of technical and institutional capacities within EAAB. The specific objectives are: (i) to formulate a Drought Management Protocol; (ii) to structure a strategy for the reuse of treated wastewater; (iii) to strengthen the planning of loss-reduction interventions; and (iv) to consolidate institutional capacities for the implementation of the Water Security Strategy.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
