Project Cost (USD)	\$ 0.80 million

Project Description

According to the IADB, the contingent technical cooperation (CT) aims to support the preparation, technical feasibility, and institutional sustainability of the credit program "Urban Development and Institutional Strengthening Program in Monteria" (CO-L1324), in order to reduce design and implementation risks, improve the technical quality of investments, and strengthen the institutional and fiscal framework of the municipality of Monteria (MM). CT will provide the program with robust planning tools, technically mature projects, and strengthened institutional capacities, ensuring efficient and sustainable implementation.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
