## Project Description

According to the IADB, the general objective of the TC is to support the Ministry of Labor (MoL) and the Special Administrative Unit of the Public Employment Service (UAESPE) in strengthening their institutional capacities for the adoption, consolidation and effective use of technological tools required for the implementation of employment and social security policies. The TC will provide technical assistance to develop action plans, strategies, and diagnostics aimed at improving institutional management, governance, and sustainability of these systems.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
