Borrower	Costa Rica
Sectors	Humanitarian Response, Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	$ 20.00 million
Project Cost (USD)	$ 20.00 million

Project Description

From the IDB: "The program's objective is to restore a portion of the road infrastructure and basic water supply services damaged by Tropical Storm Nate and the floods it caused. This is expected to support the transition process of the affected population (paragraph 5.4) towards resumption of its regular economic and social activities and to reestablish the level of access to basic public services."

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
