Project Cost (USD)	\$ 0.25 million

Project Description

According to the IADB, the objective is to improve the living conditions of care-dependent populations (elderly persons with functional dependency and persons with disabilities with high support needs), as well as the well-being of caregivers, by: (i) strengthening the institutional framework of SINCA through the joint action of its member institutions; and (ii) strengthening the coverage and quality of care services for dependent persons and support for caregivers.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
