| **Project Cost (USD)** | $ 0.50 million |

## Project Description

This Technical Cooperation project will contribute to the access of logistics information services for exporting small and medium-sized enterprises (SMEs) through the development of the Logistic Integrated System to INTradeBID. The objective of the project is to increase the exports of SMEs in Costa Rica that are ready to export, and who are the beneficiaries of the project.

### Investment Description

- Inter-American Development Bank (IADB)

This non-reimbursable Technical Cooperation project has a total budget of US$500,000. The IDB's Multilateral Investment Fund (MIF) will finance up to US$250,000 through the Small Enterprise Development Facility, and US$250,000 will be funded by Country Counterpart Financing.

## Contact Information

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
