Project Description

From the IDB: "The main objective of this TC is to articulate the processes of planning, budgetary formulation and monitoring to strengthen the management by results (GPR) in the Central Government of Costa Rica (CG), through a pilot program budget for results (PPR) , to increase the effectiveness in the use of public resources. The objective of this TC is to develop the methodologies of planning and budget formulation to make them consistent with the GPR model and its implementation. As a goal, the process will be systematized during 2019 and a PPR pilot will be implemented for the year 2020, in four CG institutions, as a basis for its extension to all CG in subsequent years."

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
