Early Warning System

IADB-CR-T1158

Support to the creation of a long term care policy to asist dependent people in Costa Rica

Quick Facts

Countries	Costa Rica
Financial Institutions	Inter-American Development Bank (IADB)
Status	Active
Bank Risk Rating	C
Investment Type(s)	Advisory Services
Investment Amount (USD)	$ 0.18 million

Project Description

Have relevant information to help decision making on strategies to support households with dependent persons, especially older people, people with disabilities and patients with chronic diseases. Support decisions to prioritize social and health services to respond to the needs of persons in dependency by age, health or disability, analyzing the cost of baskets of basic benefits and the budget of services and benefits. Contribute to the creation of a dependency care system through the analysis of conditions and institutional capacities related to rectorship, coordination, regulation, financing and evaluation of services.

Support to the creation of a long term care policy to asist dependent people in Costa Rica

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
