## Project Description

Strengthen the knowledge of representatives from the Government of Costa Rica in work training and labor intermediation that can contribute to improving the performance, administration and articulation of current work training programs and public employment services focused on vulnerable populations. Specifically, the TC seeks to generate a space for dialogue and exchange of knowledge and best practices regarding the Mayan Riviera project in Mexico, which has been successful in articulating the efforts of diverse institutions and in strengthening public-private partnerships to effectively promote skills for work and labor intermediation.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
