## Project Description

From the IDB: The objective of this technical cooperation is to support the Ministry of Public Works and Transport, its Councils and dependencies, in the preparation and execution of operations of the Transport Sector in Costa Rica, through financing for the preparation of technical engineering studies, special technical specifications, environmental and social Management Plan and other related documents that are part of the project, necessary for the formulation, design and execution of the works needed in the programs.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
