Project Description

According to bank documents, the purpose of the proposed project is to contribute to the increase of income of families producing arrears and other agricultural products in the provinces of San José and Cartago. The purpose of the project will be the productive transformation of arrears producers in the provinces of San José and Cartago through access to financing and the adoption of productive technification in the cultivation of non-performing loans and other diversified products. To achieve the project's purpose, two components will be developed: one for reimbursable financing and the other for non-reimbursable technical cooperation. Both components will be executed by APACOOP R.L.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
