Investment Amount (USD)	$ 400.00 million
Loan Amount (USD)	$ 400.00 million
Project Cost (USD)	$ 400.00 million

Project Description

According to the IADB, the general objective of the Program is to contribute to improving public health and protecting the coastal aquifer in the Punta Cana-Bavaro area. The specific objectives are: (i) increasing access to safe drinking water in priority locations; (ii) increasing access to safe sanitation in priority locations; and (iii) improving the integrated and sustainable management of water resources in the intervention area.

Investment Description

- Inter-American Development Bank (IADB)

No contacts available at the time of disclosure.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
