Project Description

The objective of this Technical Cooperation is to support the Dominican Republic in building the necessary processes to carry out regular and systematic updating of health plan benefits.

To achieve this goal, this Technical Cooperation proposes two components:

Component 1 - Support the development of the institutional framework to carry out future processes of design, fit and costing benefit plan, through the following activities: (i) technical assistance in the form "coaching" to support the country in the definition of processes, criteria, methodology and procedures for the design, adjustment and periodic costing plan; (ii) technical assistance to review the regulatory framework; and (iii) production of guides and manuals to guide the actors in the new modus operandi.

Component 2 - Support the strengthening of the information systems needed to update, monitor and supervise the implementation of plan benefits, through the following activities: (i) technical assistance diagnostic and recommendations to improve the information systems required to update periodically its content and associated premiums; (ii) technical assistance diagnostic and recommendations to improve regulatory mechanisms, monitoring and supervision by the regulatory agencies to ensure the effective delivery of services included in the plan; (iii) technical assistance for diagnosis and recommendations to strengthen key areas of social security to ensure effective coverage of the plan, including the model of service delivery, financing, payment mechanisms, price regulation and monitoring and aspects evaluation; and (iv) technical assistance diagnostic human resource gaps for regular, transparent and technically robust development plan update and implementation plan to close it.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
