## Project Description

The objective of this technical cooperation is to support the design and implementation of the policy reforms contemplated under the Formalization and Productivity Improvement Program in the Dominican Republic II (DR-L1121). The loan has its objective to boost productivity in the Dominican Republic by: (i) extending the scope of financial intermediation; (ii) improving the business climate and productive development and innovation policies; and, (iii) improving social security policies and incentives for work in the formal sector. This technical cooperation will contribute to these same objectives through its support to the design and implementation of the policy reforms included in the programmatic policy-based loan.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
