### **Project Description**

According to the bank, the objective of the project is to strengthen the institutional capacity of the Social Policy Coordination cabinet (GCPS), to generate knowledge about the effectiveness of the Ciudad Mujer Project in Dominican Republic and to contribute to incorporate advances in technology in the Ciudad Mujer Centers (CCM). The specific objectives are: (i) to strengthen the institutional capacities of the executing agency to enable the effective implementation of the Ciudad Mujer Program and the implementation of public private partnerships to support the execution of the program; (ii) Support the design of the impact assessment of the Ciudad Mujer (CM) Program in Dominican Republic financed by the loan DR-L1080; and (iii) support the establishment of a CM digital model, seeking digital and technological interactivity related to the provision/utilization of services in and out of CCM.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
