Support to the Consolidation of Knowledge and Generation of Technological Inputs for the Strengthening of the Civil Service in the Dominican Republic

Project Description

The objective of this Technical Cooperation (TC) is to improve the efficiency and development of Human Resources Management (HRM) in the civil service of the Dominican Republic through the consolidation of knowledge and generation of technical inputs. In particular, technical support will be provided to the Ministry of Public Administration (MAP) as the governing body for human resource management in the Dominican public sector.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
