Project Description

According to the Bank's website, the objective of this TC is to support the identification and analysis of institutional and regulatory challenges for productive diversification and transformation in the Dominican Republic in order to contribute to strengthening its competitiveness, business climate and private sector development in the country. This will be achieved through: (i) an analysis of the main challenges facing the country in terms of productive diversification, with particular emphasis on the regulatory and institutional framework, as well as policy instruments; and (ii) an in-depth analysis of two strategic sectors selected based on criteria of economic dynamism, technological development and/or sustainability.

Early Warning System Project Analysis

According to the TC document "the risk level for the execution of this project is considered low"

Investment Description

- Inter-American Development Bank (IADB)

The total budget of the CT amounts to US\$100,000. The cooperation will be fully financed by the IDB through the OC SDP Ventanilla 2 - Instituciones(W2C), financed with Ordinary Capital

Contact Information

Project contacts were not provided at the time of disclosure

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
