## Project Description

According to the IADB, the objective is to support the GPS in the implementation and evaluation of the Women's Comprehensive Development Centers Program (CEDI-Mujer) in the Dominican Republic. The specific objective is to (i) support the implementation of the comprehensive care model by strengthening the management capacity of the care areas, the program's human resources management, and its planning and monitoring capacity; and (ii) support the evaluation of the CEDI-Mujer program.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
