IADB-DR-T1313

Support dialogue and intervention design to improve efficiency and quality of Education in

Project Description

The goal of the TC is to generate inputs to improve the efficiency and quality of education in the Dominican Republic. This will be achieved through: i) the identification and design of evidence based viable policies and programs to improve quality and efficiency in the country, and ii) support for dialogue and consultation.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (Spanish).
