Support for the implementation of actions under the National Freight Logistics Plan and the 2025-2035 Strategic Roadmap, with a productive and territorial approach aligned with the 2036 Plan

Project Description

According to the IADB, the objective is to support the Dominican government in implementing the Strategic Roadmap of the National Freight Logistics Plan, including the infrastructure component that incorporates actions from the productive and territorial investment roadmap, while strengthening institutional capacity and the legal framework to ensure efficient management of this cross-cutting sector.

Support for the implementation of actions under the National Freight Logistics Plan and the 2025-2035 Strategic Roadmap, with a productive and territorial approach aligned with the 2036 Plan

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
