## Project Description

According to the IADB, the proposed technical cooperation aims to support the Dominican Republic in its role as the host country of the 10th Summit of the Americas, particularly by facilitating private sector participation and dialogue with governments throughout the preparatory process, during the Summit itself, and in the subsequent follow-up actions on the commitments made by the Heads of State. The overall objective is to strengthen public-private collaboration in the Summit of the Americas process and beyond, ensuring that the private sector serves as a driver of economic integration and contributes to the formulation of public policies that foster economic growth. This effort will be aligned with the interventions of the Inter-American Development Bank and national governments.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
