<b>Investment Amount (USD)</b>	\$ 20.00 million
<b>Project Cost (USD)</b>	\$ 20.00 million

---

### Project Description

According to the Bank's website, the general objective of the program is to promote productive activity based on nature, to contribute to economic growth unrelated to environmental degradation in the Amazon. The specific objective is to facilitate access to credit for biobusinesses through the second-tier financial mechanisms of CONAFIPS.

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

No contact information provided at the time of disclosure.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
