<b>Loan Amount (USD)</b>	\$ 250.00 million
<b>Project Cost (USD)</b>	\$ 250.00 million

## Project Description

According to the IADB, the general objective of the operation is to help reduce the morbidity and mortality associated with Non-Communicable Chronic Diseases (NCDs). The specific objectives are: (i) to strengthen governance and information for decision-making; (ii) to enhance prevention capacities, risk identification, and timely diagnosis; (iii) to improve monitoring, treatment, and continuity of care capabilities.

## ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
