Project Description

The objective of this TC is to support the Government of Ecuador in: (i) the technical, institutional, regulatory and financial structuring of the Casa para Todos (PCPT) Program; and (ii) the design of a financial model that allows the government to have instruments to finance sustainably social housing, in the framework of a professional and independent management, in line with the national sectoral policy, which operates autonomously from the political and budgetary cycle of the country.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
