## Project Description

According to the bank, the project objective is to support the Secretariat of Water (SENAGUA) in elaborating specific studies to update the National Plan for Irrigation and Drainage 2012-2027 as a tool to increase the productivity of small and medium farmers, reduce poverty and decrease inequality levels in access to irrigation water, as well as to generate a sustainable use of water resources as a mechanism for climate change adaptation

## Investment Description

- Inter-American Development Bank (IADB)

## Contact Information

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
