<b>Project Cost (USD)</b>	\$ 0.50 million

### Project Description

According to the IADB, the general objective of this technical cooperation is to assess the natural capital of the Yasuni Biosphere Reserve and promote its conservation, based on the worldview and traditional approach of the Waorani Nationality of Ecuador. The specific objectives are: (i) to assess the natural capital of Yasuni and identify opportunities for sustainable development; (ii) to support the strengthening of bio-enterprises of the Waorani Nationality; and (iii) to enhance local institutional capacities for valuing natural capital and biodiversity in the Ecuadorian Amazon.

### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to [MICI@iadb.org](mailto:MICI@iadb.org). You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
