| Project Cost (USD) | \$ 0.25 million |

Project Description

According to the IADB, the objective of this Technical Cooperation (TC) is to contribute to strengthening the institutional capacity of the State, aimed at improving the effectiveness in carrying out cross-cutting functions of public administration such as government oversight, public procurement, access to justice, among others, ensuring efficiency, effectiveness, and transparency in the use of public resources and promoting coordination among different systems with a view toward their interoperability.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
