Strengthening Financing Mechanisms for Public Universities to Support Productive Development in Ecuador

Project Description

According to the IADB, the objective is to support the Development Bank of Ecuador in analyzing financing alternatives to strengthen the scientific, technological, and innovation capacities of Ecuador's public universities. The specific objectives are (I) to identify the main investment needs of public universities that could potentially be eligible for financing; and (ii) analyze alternative financing mechanisms to address the identified needs and generate technical inputs to strengthen the Development Bank of Ecuador's capabilities in the area of productive development.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
