Investment Amount (USD)	\$ 250.00 million
Project Cost (USD)	\$ 250.00 million

Project Description

According to the IADB, the general objective of the Operation is to contribute to the reduction of Chronic Child Malnutrition (CCM) in Ecuador. The specific objectives are: (i) to promote intersectoral coordination in governance and budget allocation for interventions aimed at reducing CCM; (ii) to improve effective and quality access to the prioritized package for pregnant women and children within health services; and (iii) to expand the adoption of proper feeding practices, access to safe water, and the provision of healthy environments for pregnant women and children.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
