Project Description

According to the IADB, the objective is to strengthen youth pathways in El Salvador by improving postsecondary educational continuity and facilitating their successful and relevant integration into the labor market through the achievement of the following specific objectives: (i) Strengthen the academic, socioemotional, and technical skills of secondary students and provide them with guidance to improve their preparedness for postsecondary education and the world of work; (ii) Reduce economic barriers to access and retention in postsecondary education through financial support programs and targeted mentoring for vulnerable populations; and (iii) Enhance the relevance of training and facilitate the acquisition of meaningful work experience by promoting strategic partnerships between the education and productive sectors.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
