Project Description

The objective of this operation is to improve tax revenue intake by: (i) reducing noncompliance with taxes managed by the Internal Revenue Department (DGII); (ii) reducing noncompliance with customs duties managed by the General Customs Administration (DGA); and (iii) improving the quality of information for decision-making purposes.

Pursuant to the Bank’s Environment and Safeguards Compliance Policy, the program has been classified as a category “C” operation. The program will support the strengthening of tax processes through systems development and institutional strengthening, and no social or environmental risks are anticipated by the IADB.

Investment Description

- Inter-American Development Bank (IADB)

The total cost of the program is US$30 million, to be financed by the Bank from Ordinary Capital. The financing instrument will be a sovereign-guaranteed specific investment loan. The disbursements will be made within a period of five years starting on the effective date of the loan contract.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
