Strengthening the Climate Change Resilience in El Salvador's Coffee
Forests

Quick Facts

Countries	El Salvador
Financial Institutions	Inter-American Development Bank (IADB)
Status	Approved
Bank Risk Rating	B
Voting Date	2019-09-25
Borrower	Government of El Salvador
Sectors	Agriculture and Forestry
Investment Type(s)	Loan
Investment Amount (USD)	\$ 45.00 million
Project Cost (USD)	\$ 45.00 million

Project Description

The program has two general objectives: (i) to maintain the ecosystem services provided by the coffee forest; and (ii) to improve food security for small-scale coffee producers. The specific objective is to boost resilience to climate change, productivity, and the incomes of producers in the coffee forests, through: (i) adoption of climate-smart agricultural technologies; (ii) incentives for marketing and cooperative initiatives; and (iii) modernization of coffee sector governance.

Investment Description

- Inter-American Development Bank (IADB)

Ordinary Capital

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
