Project Description

According to the IADB, the General Objective is to contribute to the economic development of El Salvador (ES), with emphasis on the tourism sector, by improving Air Connectivity (AC) for the passengers who use El Salvador International Airport (AIES). The Specific Objectives are: (i) to improve the quality of service at AIES; and (ii) to strengthen the institutional capacity for the planning, operation, and management of air transport in ES.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
