Project Description

According to the IADB, the overall development objective of the project is to contribute to improving the Ministry of Health of El Salvador's (MINSAL) specialized, high-complexity medical care services for adults, in terms of their timeliness, quality, and efficiency. The specific objectives are: (i) to strengthen and complement the hospital service network--with quality and efficiency--through the establishment of high-complexity services; and (ii) to improve the organization and coordination of the national hospital network.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
