Design of the Master Plan for the Western Region and Operation of the Marine-Coastal Cities Network

Project Description

The objective of the operation is to support the Government of El Salvador in the creation of planning and articulation instruments for public investments that promote integral, urban and financial development, as well as the territorial organization of the municipalities in the western zone and in the coastal-marine zone, taking into account the characteristics and specific needs of each territory.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
