Project Description

As of the time of writing, the Inter-American Development Bank has released little information about this project. According to their website, the objective of this Technical Cooperation is to support the "Government of the Republic of El Salvador in its efforts to strengthen the financial and revenue collection capacity of municipal governments, that they can contribute to reducing the gaps in local needs and contribute to territorial development." Specifically, this project will contribute to the design of a strategy and an action plan to strengthen municipal revenue sources.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at <http://www.iadb.org/en/mici/mici,1752.html> (in English) or <http://www.iadb.org/es/mici/mici,1752.html> (Spanish).
