Investment Amount (USD)	$ 0.60 million
Project Cost (USD)	$ 0.66 million

Project Description

The overall objective is to examine child rearing practices in households with abandoned or partially abandoned children in the Northern Triangle; and analyze the effectiveness of caregiver training and social coping strategies on early learning outcomes. The specific objective of Phase II is to evaluate, through an RCT, the caregiver training and social coping strategy models developed under Phase I.

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
