Sectors	Law and Government, Technical Cooperation, Transport
Investment Type(s)	Grant
Investment Amount (USD)	$ 0.75 million
Project Cost (USD)	$ 0.75 million

Project Description

The objective is to contribute to improving the quality of urban transit services of the San Salvador Metropolitan Area (AMSS) to provide the population with equal access to a safe, efficient, clean and inclusive transit system to fulfill their mobility needs. This Technical Cooperation (TC) aims to support this objective by financing technical studies and capacity building activities targeting the development and implementation of a sustainable urban mobility strategy in the priority areas identified with the Ministry of Public Works and Transport (MOPT) and Vice Ministry of Transport (VMT).

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
