IADB-ES-T1321

Model for Social Inclusion of Children with Disabilities in the Education and Health Sector

### **Project Description**

The general objective of the TC is to strengthen the institutional capacities of the Health and Education sectors to attend to children with disabilities. The specific objectives are: (i) Improve care for children with disabilities through coordinated processes between these sectors and specific tools for each sector; and (ii) strengthen public institutions related to the rehabilitation of children with disabilities, and people with disabilities in general, in El Salvador.

#### ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
