Support for the Design and Implementation of the Program to Strengthen the Water and Sanitation Sector in El Salvador (ES-L1152)

Project Description

Support the design and implementation of the Program to strengthen the water and sanitation sector in El Salvador (ES-L1152), through the financing of pre-investment studies for the execution of the program projects, as well as to strengthen the National Administration of Aqueducts and Sewers (ANDA - Spanish acronym), to manage the program through the development of training, internships and exchanges; in addition to finance the initial operation of the Program's Executing Unit (UEP - Acronym in Spanish), among other activities.

Investment Description

- Inter-American Development Bank (IADB)

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
