Support to the preparation of the Program for the Institutional and Technological Strengthening of t

Project Description

From the IDB: "The objective of this Technical Cooperation (TC) is to support the preparation, kick-off and execution of the operation GU-L1162 ¿ Institutional and Technological Strengthening of the Superintendency of Tax Administration (hereinafter, the Program). The Program is currently at the design stage, and its objective is to increase tax collection, through the reduction of tax evasion and customs fraud. The Program is preliminarily structured into four components: (i) Domestic tax revenue, (ii) Customs, (iii) Tax audit and intelligence, and (iv) Information technology. The Program is aligned with Guatemala's Country Strategy 2017-2021 (under approval process) which has among its priorities the strengthening of public management through the increase of tax revenues."

ACCOUNTABILITY MECHANISM OF IADB

The Independent Consultation and Investigation Mechanism (MICI) is the independent complaint mechanism and fact-finding body for people who have been or are likely to be adversely affected by an Inter-American Development Bank (IDB) or Inter-American Investment Corporation (IIC)-funded project. If you submit a complaint to MICI, they may assist you in addressing the problems you raised through a dispute-resolution process with those implementing the project and/or through an investigation to assess whether the IDB or IIC is following its own policies for preventing or mitigating harm to people or the environment. You can submit a complaint by sending an email to MICI@iadb.org. You can learn more about the MICI and how to file a complaint at http://www.iadb.org/en/mici/mici,1752.html (in English) or http://www.iadb.org/es/mici/mici,1752.html (Spanish).
